

Go FTB Pro!

Find your best fit.
See overleaf for all platform applications and options.

INTUITIVE INTERFACE

Wide touchscreen and user-friendly interface

UNMATCHED CONNECTIVITY

Wi-Fi*, Bluetooth*, Gigabit Ethernet and multiple USB ports

INCREASED PRODUCTIVITY

Store, push and share test data automatically

*USB dongle required only for FTB-500

Go Pro Today and Do More!

Running on the Windows 8.1 Pro operating system, the platforms support a wide selection of third-party applications and an extensive range of USB devices.

- › Start faster and experience better multitasking
- › Use any Office suite
- › Connect to printers, cameras, keyboards, mice and more

Bring Your Own Apps

Share your desktop (e.g., using TeamViewer)

Communicate via e-mail services and over-the-top (OTT) apps

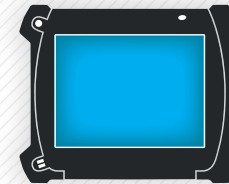

Record and automate actions

Share files via cloud-based storage
